Karachi, Pakistan

PROFESSIONAL SUMMARY

Passionate MERN Stack Developer with hands-on experience in building dynamic, scalable, and responsive web applications. Proficient in JavaScript, React.js, Node.js, Express.js, and MongoDB, with expertise in developing REST APIs, optimizing UI/UX, and deploying full-stack applications. Seeking to leverage my skills in a challenging role to contribute effectively to innovative web solutions.

WORK EXPERIENCE

Frontend & Backend Developer - YouTube Clone Project

01/2025 - 02/2025 Remote

MERN Stack development project focused on replicating YouTube functionality

- Developed a YouTube clone using the MERN stack
- Features include video uploading, user authentication, like, dislike, and subscriptions

Full Stack Developer - Booking App Project

02/2025 - 03/2025 Remote

Web application project designed for booking services with a focus on secure authentication

- Created a web application for booking services
- Integrated secure authentication and database storage
- Used Redux for state management
- Hosted on Firebase and Vercel

EDUCATION

Bachelor of Science

University of Karachi (2015 - 2018)

Intermediate

Nabi Bagh Z.M Government Science College (2013 - 2015)

Matriculation

Unique Children Secondary School (2011 - 2013)

CERTIFICATION

Certificate in Web and App development from Saylani Mass I.T Institute

Comprehensive training covering web and app development, including frontend and backend development, database management, mobile app development (Android & iOS), API integration, and hands-on project work.

TRAINING / COURSES

Diploma In Information Technology from All Pakistan National Academy

Covered MS Office, Adobe Photoshop, Adobe Flash, Java, and HTML, building a solid IT foundation.

STRENGTHS

- Strong problem-solving and debugging skills.
